You don't need any special software installed to be able to download your files. Simply upload your file and share the link. Why pay storage fees for a file that you just wanted to send to a friend or colleague? Also, many team chat apps have limits to the size of files that can be transferred within their apps. Unfortunately, we can't make that part free. There are no restrictions on the number of times a file can be downloaded. Keep your files private, or send your download links only to friends or family. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. No account or credit card is required to get started. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. Files can be downloaded from any computer from our high speed servers. Just upload the file you want to share with your friends and we send you a download link to your file. Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred betweenyour computer or phone and our servers, then from our servers to your friends device. Our service is completely free for everyone. We have no file size limit. Itis also allowed to link to the download page from websites and communities. Any file in any format can be uploaded and downloaded for free. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. filehosting provides an easy possibility for you to send large files to your friends. Ifonly we could, we surely would! On the other hand, using file can actually save you money. You decide who you want to share your files with. You can uploadany type of file (movies, music, documents, images, zip files and more). File is free to use with no gotchas and no hidden fees. Using file, you can circumventhose limits without paying to upgrade your team chat service. You can give this download link to your friends by mail or instant messenger. So try our f
