Maybe even better than free.

Files can be downloaded from any computer from our high speed servers. No account or credit card is required to get started. You decide who you want to share your files with. So try our free and simple filehosting service now. When you use file, you avoid storing the file you're sending in your cloud storage or mail server. You don't need any special software installed to be able to download your files. Our service is completely free for everyone. Simply upload your file and share the link. filehosting provides an easy possibility for you to send large files to your friends. It is also allowed to link to the download page from websites and communities. This is easy, fast and reliable filehosting! You don't need any kind of premium-accounts. There are no restrictions on the number of times a file can be downloaded. You can upload any type of file (movies, music, documents, images, zip files and more). Your wallet will be none-the-lighter! Just so we're all 100% clear here: When you share a file, data is being transferred between your computer or phone and our servers, then from our servers to your friends device. Keep your files private, or send your download links only to friends or family. Files transferred the old-fashioned way tend to pile up and be forgotten about, eventually costing you money in data storage fees. Why pay storage fees for a file that you you want to share with your friends and wesend you adownload link to your file. Any file in any format can be uploaded and downloaded for free. We have no file size limit. Unfortunately, we can't make that part free. You can give this download link to your friends by mail or instant messenger. If only we could, we surely would! On the other hand, usingfile can actually save you money. Using file, you can circumvent those limits without paying to upgrade your team chat service. File is free to use with nogotchas and no hidden fees. Alternatively you can choose to share your download links on blogs, forums and social networking sites. The cost of that datatr
